

Make Your Business Part of the Tucson Jazz Festival!

Reach more than 20,000 music fans from across Southern Arizona and beyond.

The Tucson Jazz Festival audience is mature and well-to-do and $\frac{1}{3}$ are Winter Visitors; the majority of the local people live in the foothills.

24,000 people are expected to attend the Festival in 2019, and we will print **10,000 glossy, full-color program books** which will be distributed at all Jazz Festival events and on newsstands. The vast majority of the concerts are held downtown.

More information on the festival can be found at www.tucsonjazzfestival.org
